

## Youth in Harmony

- Vote and start the Youth District Quartet Contest for this fall (Saturday before the quartet finals/Fall) - 25 and under
- Having the Harmony Explosion Camp at CMU in July be a building place for quartets to come to our district in the fall if they stay together. The quartets at HX are a new thing Joe has started. Giving incentive to stay together and come to our Fall District would help build longer barbershop experiences for the youth at that camp.
- Youth chorus update: The 25 years old and under choruses are now going to the July international while the 18 and under only choruses are at January midwinter.
- 25 and under choruses - I will still apply for a youth chorus to represent Pioneer at the July international and if we get accepted, we can get it together and make it happen and if not we wait another year and apply again.
- 18 and under choruses - The plan is to give information to the schools we have connections to through HX and give them any resources possible if they want to take their high school choirs to midwinter.
