

Methodist Children's Home Society

26645 W. Six Mile Rd. • Redford, MI

Methodist Children's Home Society is a licensed private, non-sectarian child placing agency and 501c3 nonprofit organization that helps Michigan's most fragile children find safety, hope, love and comfort. Through our residential program, educational and clinical services, transitional living, foster care and adoption programs, we provide for and advocate on behalf of victims of child abuse and neglect. We find safe havens and forever families for boys and girls across southeast Michigan through foster care and adoption, house and care for boys and young men in residential care, and help youth age out of foster care and become healthy young adults.

Foster Care - Providing Safe Havens

Foster care provides safe havens for children who have been removed from their parents' care because of abuse and/or neglect. The placement is often quite sudden and may be for a short or an extended period of time. These children are boys and girls, and range in age from 0-18. They come from a variety of social and economic backgrounds, and each child's situation is unique. Many foster children have special needs related to their emotional, physical or mental health. Foster parents provide compassionate care every day until these children are able to return to their biological families or are adopted. Foster children need stability and reassurance because they are often confused, frightened and traumatized

Adoption – Creating Forever Families

There is pure joy when children and adults join together to become a family. Adoption, the intentional growth of families, gives children a loving home, a new name and caring relatives. It also gives families another branch to their family tree, more hugs and the ability to make a difference one life at a time. Thousands of children are currently in the foster care system awaiting permanent placement with their forever families. Some have been abused, neglected or abandoned, leading to the termination of parental rights by the court. Many of these children have special needs because of their emotional scars and past suffering.

Residential Care - Raising Responsible Young Men

When boys have been rejected by their families, their relatives and more than a few caregivers, their greatest need is finding sanctuary from a chaotic past. The Children's Village is a place for these young men to live, grow and learn. Our community of cottages provides a warm, comfortable place for the boys to call home. Each of the seven cottages includes 10 private bedrooms and four bathrooms, as well as kitchen, dining and lounge areas. Children and staff eat meals as a family and spend time together in a safe, nurturing family atmosphere.
